

**2023 COMMUNITY BENEFIT SNAPSHOT**

**Providence Hood River Memorial Hospital  
and communities**

In 2023, Providence Oregon continued its tradition of compassion and dedication to our communities, with Providence Hood River Memorial Hospital investing more than \$6 million to improve community health. These targeted investments included \$1 million in community health services and \$2.7 million in free and low-cost care.

**PROVIDENCE INVESTS IN OREGON'S HEALTH**

**PROVIDING MENTAL HEALTH RESOURCES FOR THE LATINX COMMUNITY**

In 2023, Providence funding helped The Next Door provide mental health resources for Latinx people in the Gorge through programs like Valle Verde (Green Valley), a 12-week wellness program facilitated by Spanish-speaking community health workers. Resources also included informal counseling support for 294 people from the local Latinx community and referrals for 502 people to social services in the area.

**HELPING PEOPLE FIND HOUSING, HEALTH CARE AND MORE**

With the help of Providence funding, the Columbia Gorge Health Council's Bridges to Health Pathways program employed a community health worker to help Latinx and Native American residents find housing, food, health care and child care resources. In partnership with the local school district and The Next Door, the community health worker also supported Libros con Amigos, a summer camp program.

**CONNECTING YOUNG PEOPLE WITH WELLNESS OPPORTUNITIES**

Providence provided funds in 2023 to support CultureSeed, an innovative organization that offers free year-round outdoor immersion and mental health programs for local young people, especially BIPOC and LGBTQIA+ youth, who might not otherwise have access to these opportunities. CultureSeed's no-cost programming included helping more than 60 young people connect with licensed therapists in ways designed to help them feel most comfortable.
