

# Laboratory Patient Service Center Lab Notice

## Providence Saint John's Health Center

As of March 18, 2024, the Providence lab at 2021 Santa Monica Blvd, Suite 102 that serves Providence Saint John's Health Center will discontinue laboratory outpatient specimen collection and the site will be closed.

However, certain specialized laboratory services **will not be impacted** and can be serviced at our Outpatient Lab, located at 2121 Santa Monica Blvd, on the first floor of the main hospital. **Please check with your provider for these exceptions.**

### Available locations for outpatient lab specimen collection

Other commercial providers that specialize in lab services, such as Labcorp and Quest Diagnostics, have nearby locations where you can schedule an appointment and access more information about their services and locations.

#### Labcorp

2001 Santa Monica Blvd, Ste 765W  
Santa Monica, CA, 90404  
(310) 912-6909  
Walk-Ins Accepted  
[www.labcorp.com](http://www.labcorp.com)

#### Quest Diagnostics

1260 15th Street, Ste 901  
Santa Monica, CA, 90404  
(310) 310-9022  
[www.questdiagnostics.com](http://www.questdiagnostics.com)

### How to schedule an appointment at the lab where you are referred

Your primary care physician will refer you to a lab and submit the order directly to the lab or provide you with paperwork to bring with you. You can then go to the lab's website to schedule an appointment or do a walk-in if the lab offers this option.

### How to get your lab results

If your physician has submitted your laboratory orders electronically, your results should appear in your MyChart account. All other patients should check with their physician regarding their lab results.

We will help you during this transition. If you have questions, you can ask your physician, one of our laboratory caregivers, or call 310-829-8700.
